These conversations will help us consider where we are now as a synod, as people engaged in God's mission. It is a time think together about where God might be leading us and what priorities we might have as we look to the future. These conversations are for everyone whether you have been in the church a lifetime or still feel new. There is a place at the table for everyone! **Please register online: [www.bcsynod.org](http://www.bcsynod.org)**
