

Synod-Wide Conversations

Journey. Together. Companions

Dear Friends,

With our last conversation just around the corner on May 4 at Hope Lutheran in Nanaimo, here are a few more details. Registration deadline is: **9:00 am, Wednesday, April 24**

You may remember that at our BC Synod Convention in May we decided together that it is timely and important for us to engage in conversations across our synod. As our design facilitator Charles Holmes observes, this is primarily “a listening exercise, where we will listen together on behalf of what is possible” for the future of our synod and congregations.

These conversations are for everyone in our church community: rostered, lay, whether you have been in the Lutheran church a lifetime or still feel very new. No experience necessary! There is a place at the table for everyone! You may also want to bring along a few other people from your congregation so you can continue the conversations when you get back home.

Refreshments for the day and lunch are included. Please register as soon as possible so the hosting congregation has adequate time to prepare. There is no registration fee.
